HEALTHCARE FOR THE POOR

We plant the seeds that one day will grow.
We water seeds already planted,
knowing that they hold future promises.

We lay foundations that will need further development.
We provide yeast that produces far beyond our capabilities.

We cannot do everything, and there is a sense of liberation,
in realising that.
This enables us to do something, and to do it very well.

It may be incomplete, but it is a beginning, a step along the way, an
opportunity for the Lord's grace to enter and do the rest.

We may never see the end results, but that is the difference between
the master builder and the worker.

We are workers, not master builders; ministers not messiahs.
We are prophets of a future not our own.

Amen.
