SAVE OUR PLANET

Dear Lord,

Let us pray for the health of women,

Their children and families.

Let us pray especially for pregnant women,

That they may become mothers safely.

Let us pray for midwives and traditional birth attendants,

Strengthen them to carry out their work.

Let us pray for those working to end maternal and child mortality,

May they be inspired to improve the deadly conditions facing
mothers.

Women give us life.

In building healthy families, all may be strengthened to do your will
on Earth until the day when you gather us into one heavenly family.

God of love, in your mercy, hear our prayer.
